To Whom It May Concern:

Re: Diversified Transportation Ltd.

Diversified Transportation Ltd. has held the contract for the delivery of public transit in Dawson Creek for several years and has met the expectations of the City of Dawson Creek in every way.

I have personally worked with Mr. Harold Westwood, the Service Delivery Manager, on many occasions and found him to be sensitive to the needs of the City and very prompt in dealing with any issues that have come forward.

The Company was been open and communicative with City staff and responsive to inquiries and requests from the City and the public. The City of Dawson Creek has been very pleased with the performance of the company and would have no hesitations about recommending this company to other municipalities.

Yours truly,
